SETTLEMENT—Husband and wife injured when their stopped vehicle is rear-ended

VEHICLE NEGLIGENCE

Motor Vehicle v. Motor Vehicle/Rear-End/Parked/Stalled/Stopped Vehicle

LOS ANGELES COUNTY SUPERIOR COURT

Probert v. McKitterick, No. KC018442, Pomona. Robert D. Fratianne. Settlement date: 12/1/1995.

SETTLEMENT RESULT: \$225,000

COUNSEL

Plaintiff: **Scott J. Corwin, Law Offices of Scott J. Corwin, Los Angeles.**

Defendant: Confidential.

FACTS/CONTENTIONS

According to plaintiff: On December 16, 1993, plaintiffs, a 50-year-old retired industrial worker, and his wife, a 45-year-old telephone operator, were traveling east on Colima Road. Plaintiff's vehicle stopped and was struck from behind by defendant's vehicle.

Plaintiff husband alleged that the accident exacerbated pre-existing lower back injuries, requiring him to undergo surgery for the removal of a bone stimulator, a surgery for the implantation of a dorsal column stimulator, and the need for a future thoracic discectomy procedure.

Plaintiff wife contended that, as a result of the accident, she would need a L5-S1 discectomy and fusion in the future.

Defendant contended that the impact was minor, with less than \$1,500 in damage to plaintiffs' vehicle, and plaintiffs' claimed injuries were pre-existing and not caused by the accident.

CLAIMED INJURIES

According to plaintiff: Plaintiff husband sustained a T6-T7 disk bulge and exacerbation of pre-existing lower back injuries, requiring two surgeries and the necessity of a future surgery. Plaintiff wife sustained a L5-S1 disk herniation, requiring physical therapy and potential future L5-S1 discectomy surgery.

CLAIMED DAMAGES

According to plaintiff: \$48,000 medical (husband); \$3,557 medical (wife); \$1,500 damage to vehicle.

SETTLEMENT DISCUSSIONS
